**** Please ensure you include your membership fee with this application form. Applications cannot be processed without payment.**

We do not expect you to have experience when you join us. Training is available through our monthly workshops or our 'Buddy' System. Our Species Co-ordinators are always available to provide help and advice when needed. Basic Care notes are also available on all species that come into care. You will not be placed on call until your buddy/co-ordinator has given their approval that you are set up with appropriate facilities, have received some training or are working under the guidance of an experienced carer.

Members whose primary role requires one on one contact with vulnerable groups, ie children, the elderly, people with a disability (*eg rescuers*) will be required to have clearance through a Criminal History Check. For more information please refer to the website www.faunarescue.org.au

Please use the tick boxes below to identify your availability and the species you are interested in.
