## WANTED - Offer a Wildlife Release Site

Fauna Rescue of SA Inc (Fauna Rescue) are seeking from the Adelaide community suitable areas in which to release **orphaned** rehabilitated **Brushtail and Ringtail possums**.

Fauna Rescue hope to reduce the burden and assist our wonderful carers who dedicate their valuable time to raise orphaned joeys with **pre-arranged release sites**.

Below is a **description of the minimum habitat criteria** suitable for pre-arranged release sites:

- Eucalyptus trees that join to form a canopy for the wildlife to move freely preventing possums coming to ground
- Flowering native trees/scrubs
- Safe distance from road traffic, domestic pets and human activities
- Multiple large old growth trees that have hollows
- Early or no burning regime with low intensity fires
- Easy access with 4WD
- Water source

Should your **property fit the description** above and **you are interested in assisting** to provide suitable habitat for Brushtail or Ringtail possums, please **register your interest** by completing you details at <https://frsa.knack.com/fauna-rescue#wildlife-release>

Fauna Rescue are also looking for sites that are suitable for permanent homes for **unreleasable** Kangaroos – Keeping Kangaroos require suitable fencing and permits and if you are able to assist please contact our Kangaroo Coordinator, Diana on 0411267841 for further details.

**Thanking you in advance!**
